

UI COMPONENTS FOR PROFESSIONAL SOFTWARE ENGINEERS · SINCE 2002

Beautiful UI for .NET desktop and the Web.

Hypernova .NET controls for WinForms and WPF, the BMX Web Components library and the TreeListView tree grid — architected, built, documented and supported by their creator, and licensed directly by the company he owns.

FOUR PRODUCT LINES, ONE SOURCE OF QUALITY

What you can build with

Mature desktop suites with twenty years behind them, and a modern, standards-based web library — all from the same hands.

tree list view

Hypernova for WinForms

.NET Framework 4.8 · .NET 6 · 8 · 10

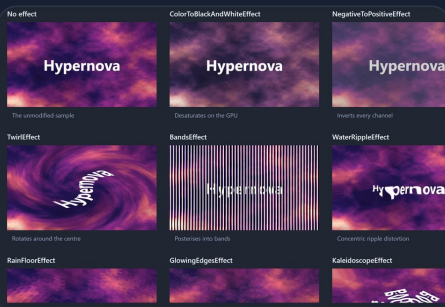

52

CONTROLS

Heavily customisable Windows Forms controls, owner-drawn and DPI-aware from 100% to 250%.

- **Data:** TreeListView, multi-column and tree-view combo boxes, checked image lists
- **Chrome & navigation:** borderless themed window, panel bar, explorer bar, power tab strip
- **Input & visuals:** date, time and colour pickers, toggle switches, marker scroll bars, super tooltips

[Browse the controls](#) → [Download the demo](#) →

Hypernova for WPF

.NET Framework 4.8 · .NET 6 · 8 · 10 · MVVM-friendly

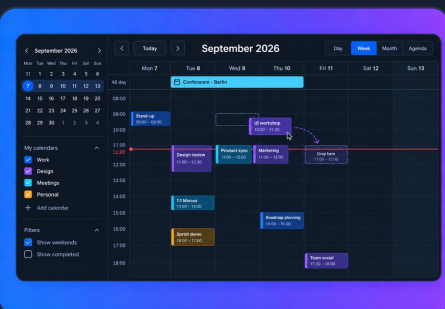

53

CONTROLS

An Office-style ribbon with backstage and skins, plus the components line-of-business WPF applications reach for.

- **Layout & data:** TreeListView, virtualising wrap panel and collection view, flow chart
- **Motion:** carousel, slide show, zoom-and-pan, circular panel
- **20 GPU shader effects** — ripples, twirls, kaleidoscope, glowing edges and more

BMX Web Components

One script tag · HTML5, Angular, React, Vue, Svelte, Blazor, ASP.NET

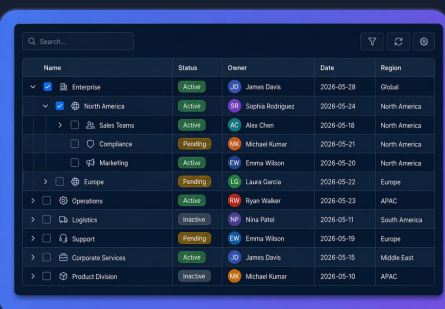

42

ELEMENTS

Standards-based custom elements the browser renders itself — no bundler, no build step, zero runtime dependencies.

- Buttons, fields, selects, calendar, org chart, dialogs, menus, uploads and more
- **WCAG 2.2 AA** by construction, full keyboard support, right-to-left ready
- Ten retintable themes; typed React, Angular and Vue wrappers included

[See all 42](#) → [Live showcase](#) →

TreeListView

The flagship tree grid · Web Component, WinForms and WPF

3

PLATFORMS

A tree and a grid in one control, available on its own for teams that need just that.

- Grouping with live aggregates, inline editing, filtering and multi-column sort
- Virtual scrolling to a hundred thousand rows; real .xlsx export
- Nineteen themes and a live playground at treelistview.com

PERPETUAL LICENCES · PUBLISHED PRICES · NO SURPRISES

Choose your licence

Per developer, in US dollars, before discounts and tax. Every licence is perpetual and includes a year of technical support and updates. Secure checkout through Lemon Squeezy.

LICENCE	WHAT IT INCLUDES	PRICE
STANDARD — FOR EVERY ORGANISATION		
Hypernova WinForms	All WinForms .NET controls, API docs and samples	\$649 / dev
Premium: WinForms & WPF Most popular	Every WinForms and WPF control, both suites	\$699 / dev
Deluxe Web UI Components	All Web Components, plus the Angular, React & Vue packs	\$499 / dev
Ultra Edition Everything	WinForms + WPF + all Web Components in one licence	\$799 / dev
FREELANCER / SMALL ORGANISATION — UNDER US \$100K ANNUAL REVENUE		
Hypernova WinForms	All WinForms .NET controls	\$169 / dev
Hypernova WinForms & WPF	Every WinForms and WPF control	\$199 / dev
Hypernova Web Components	All 42 elements, plus every one added during your year	\$399 / dev
INDIVIDUAL COMPONENTS		
TreeListView for WinForms or WPF	The tree grid plus many supporting .NET controls	\$379 / dev
TreeListView Web Component	Framework-neutral runtime with React, Angular & Vue wrappers	\$299 / dev
Virtualizing WrapPanel for WPF	Control assembly, API docs and samples	\$379 / dev

Renewals, optional

The licence never expires. Renew for another year of support and updates — from \$69 a year for Freelancer packs and \$159 for Standard — and cancel whenever you like.

Team discounts

Choose the number of developers at checkout and the volume discount applies automatically. Organisation-wide licences are arranged directly.

Source licence & escrow

The complete source, build scripts and tests — licensed directly, or held by a third-party escrow agent and released on agreed trigger events.

Prices shown are those published on binarymission.co.uk/pricing → in September 2026; the pricing page is always the current reference. Evaluation is free: download, unzip and run — no installer and no key.

DIRECT FROM THE AUTHOR

No outsourced team. No ticket queue.

Binarymission Technologies Ltd is a privately owned UK company, founded in 2002 and run by the architect and creator of every product it sells.

Multi-column combo box

A multi-column combo box: bound to a table, with grouping, sorting, filtering, a titled drop-down and suggestions from every column as you type.

BinaryTextComboBox, multi-column
A data table in the drop-down: open it, click a header to sort, right-click for filtering and grouping, or start typing a company name for suggestions across every column.
A customer directory, eight columns and forty rows
Aldercrest Logistics

Live properties
Every control on this rail writes straight to the control on the left.

**Sundaranarayanan Subramaniam**

Founder · architect & creator

The architect and creator of every product here, and its sole copyright owner, with 26+ years in software. Email support and you reach the person who built the control.

A single point of contact

Licensing, purchasing, invoices, source and escrow, and technical support: one address, one person, one conversation.

Built to last

Perpetual licences, one source tree across .NET Framework 4.8 to .NET 10, and a source-escrow option for systems that must outlive their supplier.

Try before you buy

Full evaluation downloads with a runnable demo and C# sample projects, and a live showcase for the Web Components.

Documented properly

API reference for every control and element, getting-started, theming, framework and accessibility guides.
